

Mahi Mohammdi

WordPress Web Designer and SEO Specialist with experience in developing business websites, managing web projects, and improving organic search visibility across diverse industries. Skilled in WordPress website design, on-page SEO, keyword research, website structure optimization, and digital graphic design. For ongoing SEO projects, I provide monthly website performance reports to keep clients informed about organic traffic, keyword rankings, and overall SEO progress.
I combine technical knowledge with design expertise to create user-friendly websites, strengthen online visibility, and support business growth through effective web solutions and search optimization.
